A BILL

To provide for exploration, development, and production activities for mineral resources on the outer Continental Shelf, and for other purposes.

- 1 Be it enacted by the Senate and House of Representa-
- 2 tives of the United States of America in Congress assembled,

1 SECTION 1. SHORT TITLE.

2	This Act may be cited as the "Deep Ocean Energy Re	9 -
3	sources Act of 2006".	

4 SEC. 2. POLICY.

5	It is the	molieu	oftho	United	States	that
J	10 05 000	Dulla	01 0100	Onitea	ω	$\omega \omega \omega \omega -$

- (1) the United States is blessed with abundant energy resources on the outer Continental Shelf and has developed a comprehensive framework of environmental laws and regulations and fostered the development of state-of-the-art technology that allows for the responsible development of these resources for the benefit of its citizenry;
- (2) adjacent States are required by the circumstances to commit significant resources in support of exploration, development, and production activities for mineral resources on the outer Continental Shelf, and it is fair and proper for a portion of the receipts from such activities to be shared with Adjacent States and their local coastal governments;
- (3) the existing laws governing the leasing and production of the mineral resources of the outer Continental Shelf have reduced the production of mineral resources, have preempted Adjacent States from being sufficiently involved in the decisions regarding the allowance of mineral resource development, and have been harmful to the national interest;

1	(4) the national interest is served by granting
2	the Adjacent States more options related to whether or
3	not mineral leasing should occur in the outer Conti-
4	nental Shelf within their Adjacent Zones;
5	(5) it is not reasonably foreseeable that explo-
6	ration of a leased tract located more than 25 miles
7	seaward of the coastline, development and production
8	of a natural gas discovery located more than 25 miles
9	seaward of the coastline, or development and produc-
10	tion of an oil discovery located more than 50 miles
11	seaward of the coastline will adversely affect resources
12	near the coastline;
13	(6) transportation of oil from a leased tract
14	might reasonably be foreseen, under limited cir-
15	cumstances, to have the potential to adversely affect
16	resources near the coastline if the oil is within 50
17	miles of the coastline, but such potential to adversely
18	affect such resources is likely no greater, and probably
19	less, than the potential impacts from tanker transpor-
20	tation because tanker spills usually involve large re-
21	leases of oil over a brief period of time; and
22	(7) among other bodies of inland waters, the
23	Great Lakes, Long Island Sound, Delaware Bay,
24	Chesapeake Bay, Albemarle Sound, San Francisco

Bay, and Puget Sound are not part of the outer Con-

1	tinental Shelf, and are not subject to leasing by the
2	Federal Government for the exploration, development,
3	and production of any mineral resources that might
4	lie beneath them.
5	SEC. 3. DEFINITIONS UNDER THE OUTER CONTINENTAL
6	SHELF LANDS ACT.

22	pursuant to section 4(a)(2), to be the law of the United
23	States for the portion of the outer Continental Shelf on
24	which such program, plan, lease sale, leased tract or activ-
25	ity appertains or is or is proposed to be conducted For

- 1 purposes of this paragraph, the term 'State' includes Puerto
- 2 Rico and the other Territories of the United States.
- 3 "(s) The term 'Adjacent Zone' means, with respect to
- 4 any program, plan, lease sale, leased tract, or other activity,
- 5 proposed, conducted, or approved pursuant to the provi-
- 6 sions of this Act, the portion of the outer Continental Shelf
- 7 for which the laws of a particular Adjacent State are de-
- 8 clared, pursuant to section 4(a)(2), to be the law of the
- 9 United States.
- 10 "(t) The term 'miles' means statute miles.
- 11 "(u) The term 'coastline' has the same meaning as the

- 1 follows through the end of the sentence and inserting the
- 2 following: ". The lines extending seaward and defining each
- 3 State's Adjacent Zone, and each OCS Planning Area, are

- 5 region entitled 'Alaska OCS Region State Adjacent Zone
- 6 and OCS Planning Areas', 'Pacific OCS Region State Ad-
- 7 jacent Zones and OCS Planning Areas', 'Gulf of Mexico

- 12 Management Service.".

- 14 Section 5 of the Outer Continental Shelf Lands Act
- 15 (43 U.S.C. 1334) is amended by adding at the end the fol-
- 16 lowing:
- 17 "(k) Voluntary Partial Relinquishment of A
- 18 Lease.—Any lessee of a producing lease may relinquish
- 19 to the Secretary any portion of a lease that the lessee has
- 20 no interest in producing and that the Secretary finds is
- 21 geologically prospective. In return for any such relinquish-
- 22 ment, the Secretary shall provide to the lessee a royalty in-
- 23 centive for the portion of the lease retained by the lessee,
- 24 in accordance with regulations promulgated by the Sec-
- 25 retary to carry out this subsection. The Secretary shall pub-

1	lish final regulations implementing this subsection within

6	lation that shall—
7	"(1) establish procedures for entering into nat-
8	ural gas leases;
9	"(2) ensure that natural gas leases are only
10	available for tracts on the outer Continental Shelf
11	that are wholly within 100 miles of the coastline
12	within an area withdrawn from disposition by leas-
13	ing on the day after the date of enactment of the Deep
14	Ocean Energy Resources Act of 2006;
15	"(3) provide that natural gas leases shall contain
16	the same rights and obligations established for oil and
17	gas leases, except as otherwise provided in the Deep
18	Ocean Energy Resources Act of 2006;
19	"(4) provide that, in reviewing the adequacy of
20	bids for natural gas leases, the value of any crude oil

22	excluded;
23	"(5) provide that any crude oil produced from a
24	well and reinjected into the leased tract shall not be

3	producing any crude oil; and
4	"(6) provide that any Federal law that applies
5	to an oil and gas lease on the outer Continental Shelf
6	shall apply to a natural gas lease unless otherwise
7	clearly inapplicable.".
8	SEC. 6. GRANT OF LEASES BY SECRETARY.
9	Section 8 of the Outer Continental Shelf Lands Act
10	(43 U.S.C. 1337) is amended—
11	(1) in subsection (a)(1) by inserting after the
12	first sentence the following: "Further, the Secretary
13	may grant natural gas leases in a manner similar to
14	the granting of oil and gas leases and under the var-
15	ious bidding systems available for oil and gas
16	leases.";
17	(2) by adding at the end of subsection (b) the fol-
18	lowing:
19	"The Secretary may issue more than one lease for a given
20	tract if each lease applies to a separate and distinct range

22	of the two. The Secretary may issue regulations that the
23	Secretary determines are necessary to manage such leases
24	consistent with the purposes of this Act.";

1	(3) by amending subsection $(p)(2)(B)$ to read as
2	follows:
3	"(B) The Secretary shall provide for the pay-
4	ment to coastal states, and their local coastal govern-

6	authorized under this section located partially or
7	completely within the area extending seaward of State
8	submerged lands out to 4 marine leagues from the
9	coastline, and the payment to coastal states of 50 per-
10	cent of the receipts from projects completely located in
11	the area more than 4 marine leagues from the coast-
12	line. Payments shall be based on a formula estab-
13	lished by the Secretary by rulemaking no later than
14	180 days after the date of the enactment of the Deep
15	Ocean Energy Resources Act of 2006 that provides for
16	equitable distribution, based on proximity to the
17	project, among coastal states that have coastline that
18	is located within 200 miles of the geographic center
19	of the project.".
20	(4) by adding at the end the following:
21	"(q) Natural Gas Leases.—
22	"(1) Right to produce natural gas.—A les-
23	see of a natural gas lease shall have the right to
24	produce the natural gas from a field on a natural gas

leased tract if the Secretary estimates that the discov-

1	ered field has at least 40 percent of the economically
2	recoverable Btu content of the field contained within
3	natural gas and such natural gas is economical to
4	produce.
5	"(2) CRUDE OIL.—A lessee of a natural gas lease
6	may not produce crude oil from the lease.
7	"(3) Estimates of btu content.—The Sec
8	retary shall make estimates of the natural gas Bti
9	content of discovered fields on a natural gas lease
10	only after the completion of at least one exploration
11	well, the data from which has been tied to the results
12	of a three-dimensional seismic survey of the field. The
13	Secretary may not require the lessee to further delin
14	eate any discovered field prior to making such esti
15	mates.
16	"(4) Definition of Natural Gas.—For pur
17	poses of a natural gas lease, natural gas means nat
18	ural gas and all substances produced in association
19	with gas, including, but not limited to, hydrocarbor
20	liquids (other than crude oil) that are obtained by the
21	condensation of hydrocarbon vapors and separate ou
22	in liquid form from the produced gas stream.
23	"(r) Removal of Restrictions on Joint Bidding
24	IN CERTAIN AREAS OF THE OUTER CONTINENTAL

25 Shelf.—Restrictions on joint bidders shall no longer apply

- 1 to tracts located in the Alaska OCS Region. Such restric-
- 2 tions shall not apply to tracts in other OCS regions deter-

- 11 31, 2000, to incorporate price thresholds applicable to roy-
- 12 alty suspension provisions, or amend existing price thresh-
- 13 olds, in the amount of \$40.50 per barrel (2006 dollars) for
- 14 oil and for natural gas of \$6.75 per million Btu (2006 dol-

- 16 price thresholds effective October 1, 2005. Existing lease
- 17 provisions shall prevail through September 30, 2005. After
- 18 the date of the enactment of the Deep Ocean Energy Re-
- 19 sources Act of 2006, price thresholds shall apply to any roy-
- 20 alty suspension volumes granted by the Secretary. Unless
- 21 otherwise set by Secretary by regulation or for a particular
- 22 lease sale, the price thresholds shall be \$40.50 for oil (2006)

- 24 "(t) Royalty Rate for Oil and Gas or Natural
- 25 Gas Leases on the Outer Continental Shelf.—After

2	sources Act of 2006, the base royalty rate for new oil and
3	gas or natural gas leases on the outer Continental Shel
4	shall be the same for all leased tracts.

7	enactment of the Deep Ocean Energy Resources Act o
8	2006, the Secretary by regulation shall establish o
9	conservation of resources fee for producing leases that
10	will apply to new and existing leases which shall be
11	set at \$9 per barrel for oil and \$1.25 per million Bti
12	for gas. This fee shall only apply to leases in produc
13	tion located in more than 200 meters of water for
14	which royalties are not being paid when prices exceed
15	\$40.50 per barrel for oil and \$6.75 per million Btv
16	for natural gas in 2006, dollars. This fee shall apply
17	to production from and after October 1, 2005, and
18	shall be treated as offsetting receipts.
19	"(2) Not later than one year after the date of the
20	enactment of the Deep Ocean Energy Resources Act o
21	2006, the Secretary by regulation shall establish of
22	conservation of resources fee for nonproducing leases
23	that will apply to new and existing leases which shall
24	be set at not less than \$1.00 nor more than \$4.00 per

8	make an initial allocation of the OCS Receipts to be
9	shared under paragraph $(1)(B)$ as follows:
10	"(A) 25 percent shall be allocated to coastal
11	county-equivalent political subdivisions that are
12	completely more than 25 miles landward of the
13	coastline and at least a part of which lies not
14	more than 75 miles landward from the coastline,
15	with the allocation among such coastal county-
16	equivalent political subdivisions based on popu-

18	"(B) 75 percent shall be allocated to coastal
19	county-equivalent political subdivisions that are

5	"(ii) 25 percent shall be allocated based
6	on the ratio of such coastal county-equiva-

1	"(iv) 25 percent shall be allocated to
2	all coastal county-equivalent political sub-

"(3) Petition for Leasing.—

"(A) IN GENERAL.—The Governor of the State, upon concurrence of its legislature, may submit to the Secretary a petition requesting that the Secretary make available any area that is within the State's Adjacent Zone, included within the provisions of paragraph (1), and that (i) is greater than 25 miles from any point on the coastline of a Neighboring State for the conduct of offshore leasing, pre-leasing, and related activities with respect to natural gas leasing; or (ii) is greater than 50 miles from any point on the coastline of a Neighboring State for the conduct of offshore leasing, pre-leasing, and related

1	activities with respect to oil and gas leasing. The
2	Adjacent State may also petition for leasing any
3	other area within its Adjacent Zone if leasing is
4	allowed in the similar area of the Adjacent Zone
5	of the applicable Neighboring State, or if not al-
6	lowed, if the Neighboring State, acting through
7	its Governor, expresses its concurrence with the
8	petition. The Secretary shall only consider such
9	a petition upon making a finding that leasing is
10	allowed in the similar area of the Adjacent Zone
11	of the applicable Neighboring State or upon re-
12	ceipt of the concurrence of the Neighboring State
13	The date of receipt by the Secretary of such con-
14	currence by the Neighboring State shall con-
15	stitute the date of receipt of the petition for that
16	area for which the concurrence applies. Except
17	for any area described in the last sentence of
18	paragraph (2), a petition for leasing any part of
19	the Alabama Adjacent Zone that is a part of the
20	Gulf of Mexico Eastern Planning Area, as indi-
21	cated on the map entitled 'Gulf of Mexico OCS
22	Region State Adjacent Zones and OCS Planning
23	Areas' which is dated September 2005 and or
24	file in the Office of the Director, Minerals Man-

1	agement Service, shall require the concurrence of
2	both Alabama and Florida.
3	"(B) Limitations on leasing.—In its pe-
4	tition, a State with an Adjacent Zone that con-
5	tains leased tracts may condition new leasing for
6	oil and gas, or natural gas for tracts within 25
7	miles of the coastline by—
8	"(i) requiring a net reduction in the
9	number of production platforms;
10	"(ii) requiring a net increase in the
11	average distance of production platforms
12	from the coastline;
13	"(iii) limiting permanent surface occu-
14	pancy on new leases to areas that are more
15	than 10 miles from the coastline;
16	"(iv) limiting some tracts to being pro-
17	duced from shore or from platforms located
18	on other tracts; or
19	"(v) other conditions that the Adjacent
20	State may deem appropriate as long as the
21	Secretary does not determine that produc-
22	tion is made economically or technically
23	$impracticable\ or\ otherwise\ impossible.$
24	"(C) Action by Secretary.—Not later
25	than 90 days after receipt of a petition under

24

25

1	subparagraph (A), the Secretary shall approve
2	the petition, unless the Secretary determines that
3	leasing the area would probably cause serious
4	harm or damage to the marine resources of the
5	State's Adjacent Zone. Prior to approving the
6	petition, the Secretary shall complete an envi-
7	ronmental assessment that documents the antici-
8	pated environmental effects of leasing in the area
9	included within the scope of the petition.
10	"(D) Failure to act.—If the Secretary
11	fails to approve or deny a petition in accordance
12	with subparagraph (C) the petition shall be con-
13	sidered to be approved 90 days after receipt of
14	$the\ petition.$
15	"(E) Amendment of the 5-year leasing
16	PROGRAM.—Notwithstanding section 18, within
17	180 days of the approval of a petition under sub-
18	paragraph (C) or (D), after the expiration of the
19	time limits in paragraph (1)(B), and within 180
20	days after the enactment of the Deep Ocean En-
21	ergy Resources Act of 2006 for the areas made
22	available for leasing under paragraph (2), the
23	Secretary shall amend the current 5-Year Outer

Continental Shelf Oil and Gas Leasing Program

to include a lease sale or sales for at least 75

1	percent of the associated areas, unless there are,
2	from the date of approval, expiration of such
3	time limits, or enactment, as applicable, fewer
4	than 12 months remaining in the current 5-Year
5	Leasing Program in which case the Secretary
6	shall include the associated areas within lease
7	sales under the next 5-Year Leasing Program.
8	For purposes of amending the 5-Year Program
9	in accordance with this section, further consulta-
10	tions with States shall not be required. For pur-
11	poses of this section, an environmental assess-
12	ment performed under the provisions of the Na-
13	tional Environmental Policy Act of 1969 to as-
14	sess the effects of approving the petition shall be
15	sufficient to amend the 5-Year Leasing Program.
16	"(h) Option to Petition for Extension of With-
17	DRAWAL FROM LEASING WITHIN CERTAIN AREAS OF THE
18	Outer Continental Shelf.—
19	"(1) In general.—The Governor of the State,
20	upon the concurrence of its legislature, may submit to
21	the Secretary petitions requesting that the Secretary
22	extend for a period of time of up to 5 years for each
23	petition the withdrawal from leasing for all or part
24	of any area within the State's Adjacent Zone located
25	more than 50 miles but less than 100 miles from the

1	coastline that is subject to subsection $(g)(1)(B)$. A
2	State may petition multiple times for any particular
3	area but not more than once per calendar year for
4	any particular area. A State must submit separate
5	petitions, with separate votes by its legislature, for oil
6	and gas leasing and for natural gas leasing. A peti-
7	tion of a State may request some areas to be with-
8	drawn from all leasing and some areas to be with-
9	drawn only from one type of leasing. Petitions for ex-
10	tending the withdrawal from leasing of any part of
11	the Alabama Adjacent Zone that is more than 50
12	miles, but less than 100 miles, from the coastline that
13	is a part of the Gulf of Mexico OCS Region Eastern
14	Planning Area, as indicated on the map entitled
15	'Gulf of Mexico OCS Region State Adjacent Zones
16	and OCS Planning Areas' which is dated September
17	2005 and on file in the Office of the Director, Min-
18	erals Management Service, may be made by either
19	Alabama or Florida.
20	"(2) ACTION BY SECRETARY.—The Secretary
21	shall perform an environmental assessment under the
22	National Environmental Policy Act of 1969 to assess
23	the effects of approving the petition under paragraph

(1). Not later than 90 days after receipt of the peti-

tion, the Secretary shall approve the petition, unless

24

1	the Secretary determines that extending the with-
2	drawal from leasing would probably cause serious
3	harm or damage to the marine resources of the State's
4	Adjacent Zone. The Secretary shall not approve a pe-
5	tition from a State that extends the remaining period
6	of a withdrawal of an area from leasing for a total
7	of more than 10 years. However, the Secretary may
8	approve petitions to extend the withdrawal from leas-
9	ing of any area ad infinitum, subject only to the lim-
10	itations contained in this subsection.
11	"(3) Failure to act.—If the Secretary fails to
12	approve or deny a petition in accordance with para-
13	graph (2) the petition shall be considered to be ap-
14	proved 90 days after receipt of the petition.
15	"(i) Effect of Other Laws.—Adoption by any Ad-
16	jacent State of any constitutional provision, or enactment
17	of any State statute, that has the effect, as determined by
18	the Secretary, of restricting either the Governor or the Leg-
19	islature, or both, from exercising full discretion related to
20	subsection (g) or (h), or both, shall automatically (1) pro-
21	hibit any sharing of OCS Receipts under this Act with the
22	Adjacent State, and its coastal political subdivisions, and
23	(2) prohibit the Adjacent State from exercising any author-
24	ity under subsection (h), for the duration of the restriction.

25 The Secretary shall make the determination of the existence

1	of such restricting constitutional provision or State statute
2	within 30 days of a petition by any outer Continental Shelf
3	lessee or coastal State.".

5	Section 18 of the Outer Continental Shelf Lands Act
6	(43 U.S.C. 1344) is amended—
7	(1) in subsection (a), by adding at the end of
8	paragraph (3) the following: "The Secretary shall, in
9	each 5-year program, include lease sales that when
10	viewed as a whole propose to offer for oil and gas or
11	natural gas leasing at least 75 percent of the avail-
12	able unleased acreage within each OCS Planning
13	Area. Available unleased acreage is that portion of the
14	outer Continental Shelf that is not under lease at the
15	time of the proposed lease sale, and has not otherwise
16	been made unavailable for leasing by law.";
17	(2) in subsection (c), by striking so much as pre-
18	cedes paragraph (3) and inserting the following:
19	"(c)(1) During the preparation of any proposed leas-
20	ing program under this section, the Secretary shall consider
21	and analyze leasing throughout the entire Outer Conti-
22	nental Shelf without regard to any other law affecting such
23	leasing. During this preparation the Secretary shall invite
24	and consider suggestions from any interested Federal agen-
25	cy, including the Attorney General, in consultation with the

- 1 Federal Trade Commission, and from the Governor of any
- 2 coastal State. The Secretary may also invite or consider
- 3 any suggestions from the executive of any local government
- 4 in a coastal State that have been previously submitted to
- 5 the Governor of such State, and from any other person. Fur-
- 6 ther, the Secretary shall consult with the Secretary of De-
- 7 fense regarding military operational needs in the outer
- 8 Continental Shelf. The Secretary shall work with the Sec-
- 9 retary of Defense to resolve any conflicts that might arise
- 10 regarding offering any area of the outer Continental Shelf
- 11 for oil and gas or natural gas leasing. If the Secretaries
- 12 are not able to resolve all such conflicts, any unresolved
- 13 issues shall be elevated to the President for resolution.
- 14 "(2) After the consideration and analysis required by
- 15 paragraph (1), including the consideration of the sugges-
- 16 tions received from any interested Federal agency, the Fed-
- 17 eral Trade Commission, the Governor of any coastal State,
- 18 any local government of a coastal State, and any other per-
- 19 son, the Secretary shall publish in the Federal Register a
- 20 proposed leasing program accompanied by a draft environ-
- 21 mental impact statement prepared pursuant to the Na-
- 22 tional Environmental Policy Act of 1969. After the pub-
- 23 lishing of the proposed leasing program and during the
- 24 comment period provided for on the draft environmental
- 25 impact statement, the Secretary shall submit a copy of the

- 1 proposed program to the Governor of each affected State for
- 2 review and comment. The Governor may solicit comments
- 3 from those executives of local governments in the Governor's
- 4 State that the Governor, in the discretion of the Governor,
- 5 determines will be affected by the proposed program. If any
- 6 comment by such Governor is received by the Secretary at
- 7 least 15 days prior to submission to the Congress pursuant
- 8 to paragraph (3) and includes a request for any modifica-
- 9 tion of such proposed program, the Secretary shall reply
- 10 in writing, granting or denying such request in whole or
- 11 in part, or granting such request in such modified form
- 12 as the Secretary considers appropriate, and stating the Sec-
- 13 retary's reasons therefor. All such correspondence between
- 14 the Secretary and the Governor of any affected State, to-
- 15 gether with any additional information and data relating
- 16 thereto, shall accompany such proposed program when it
- 17 is submitted to the Congress."; and
- 18 (3) by adding at the end the following:
- 19 "(i) Projection of State Adjacent Zone Re-
- 20 Sources and State and Local Government Shares of
- 21 OCS Receipts.—Concurrent with the publication of the
- 22 scoping notice at the beginning of the development of each
- 23 5-year outer Continental Shelf oil and gas leasing program,
- 24 or as soon thereafter as possible, the Secretary shall—

1	"(1) provide to each Adjacent State a current es-
2	timate of proven and potential oil and gas resources
3	located within the State's Adjacent Zone; and
4	"(2) provide to each Adjacent State, and coastal
5	political subdivisions thereof, a best-efforts projection
6	of the OCS Receipts that the Secretary expects will be
7	shared with each Adjacent State, and its coastal polit-
8	ical subdivisions, using the assumption that the un-
9	leased tracts within the State's Adjacent Zone are
10	fully made available for leasing, including long-term
11	projected OCS Receipts. In addition, the Secretary
12	shall include a macroeconomic estimate of the impact
13	of such leasing on the national economy and each
14	State's economy, including investment, jobs, revenues,
15	personal income, and other categories.".

- 9 "(2) No State may prohibit the construction within

1	tember 18, 1978, the lessee shall submit a development
2	and production plan (hereinafter in this section re-
3	ferred to as a 'plan') to the Secretary for review.
4	"(2) A plan shall be accompanied by a statement
5	describing all facilities and operations, other than
6	those on the outer Continental Shelf, proposed by the
7	lessee and known by the lessee (whether or not owned
8	or operated by such lessee) that will be constructed or
9	utilized in the development and production of oil or
10	gas from the lease area, including the location and
11	site of such facilities and operations, the land, labor,
12	material, and energy requirements associated with
13	such facilities and operations, and all environmental
14	and safety safeguards to be implemented.
15	"(3) Except for any privileged or proprietary in-
16	formation (as such term is defined in regulations
17	issued by the Secretary), the Secretary, within 30
18	days after receipt of a plan and statement, shall—

21	to the executive of any affected local government;
22	and
23	"(B) make such plan and statement avail-
24	able to any appropriate interstate regional enti-
25	ty and the public.

1	"(b) Development and Production Activities in
2	Accordance With Plan as Lease Requirement.—After
3	enactment of the Deep Ocean Energy Resources Act of 2006,
4	no oil and gas lease may be issued pursuant to this Act
5	in any region of the outer Continental Shelf, unless such
6	lease requires that development and production activities
7	be carried out in accordance with a plan that complies with
8	the requirements of this section. This section shall also
9	apply to leases that do not have an approved development
10	and production plan as of the date of enactment of the Deep
11	Ocean Energy Resources Act of 2006.
12	"(c) Scope and Contents of Plan.—A plan may
13	apply to more than one oil and gas lease, and shall set forth,
14	in the degree of detail established by regulations issued by
15	the Secretary—
16	"(1) the general work to be performed;
17	"(2) a description of all facilities and operations
18	located on the outer Continental Shelf that are pro-
19	posed by the lessee or known by the lessee (whether or
20	not owned or operated by such lessee) to be directly
21	related to the proposed development, including the lo-
22	cation and size of such facilities and operations, and
23	the land, labor, material, and energy requirements as-
24	sociated with such facilities and operations;

1	"(3) the environmental safeguards to be imple-
2	mented on the outer Continental Shelf and how such
3	safeguards are to be implemented;
4	"(4) all safety standards to be met and how such
5	standards are to be met;
6	"(5) an expected rate of development and pro-
7	duction and a time schedule for performance; and
8	"(6) such other relevant information as the Sec-
9	retary may by regulation require.
10	"(d) Completeness Review of the Plan.—
11	"(1) Prior to commencing any activity under a
12	development and production plan pursuant to any oil
13	and gas lease issued or maintained under this Act,
14	the lessee shall certify that the plan is consistent with
15	the terms of the lease and that it is consistent with
16	all statutory and regulatory requirements in effect on
17	the date of issuance of the lease, and any regulations
18	promulgated under this Act related to the conserva-
19	tion of resources after the date of lease issuance. The
20	plan shall include all required information and docu-

2	essary to achieve completeness. The Secretary shall
3	have 30 days to review a modified plan for complete-
4	ness.

"(e) Review for Consistency of the Plan.—

"(1) After a determination that a plan is complete, the Secretary shall have 120 days to conduct a review of the plan, to ensure that it is consistent with the terms of the lease, and that it is consistent with all such statutory and regulatory requirements applicable to the lease. The review shall ensure that the plan is consistent with lease terms, and statutory and regulatory requirements applicable to the lease, related to national security or national defense, including any military operating stipulations or other restrictions. The Secretary shall seek the assistance of the Department of Defense in the conduct of the review of any plan prepared under this section for a lease containing military operating stipulations or other restrictions and shall accept the assistance of the Department of Defense in the conduct of the review of any plan prepared under this section for any other lease when the Secretary of Defense requests an opportunity to participate in the review. If the Secretary finds that the plan is not consistent, the Secretary

1	shall notify the lessee with a detailed explanation of
2	such modifications of such plan as are necessary to
3	achieve consistency.
4	"(2) The Secretary shall have 120 days to review
5	a modified plan.
6	"(3) The lessee shall not conduct any activities

10	"(4) After review by the Secretary provided for
11	by this section, a lessee may operate pursuant to the
12	plan without further review or approval by the Sec-
13	retary.
14	"(f) Review of Revision of the Approved Plan.—
15	The lessee may submit to the Secretary any revision of a
16	plan if the lessee determines that such revision will lead
17	to greater recovery of oil and natural gas, improve the effi-
18	ciency, safety, and environmental protection of the recovery
19	operation, is the only means available to avoid substantial
20	economic hardship to the lessee, or is otherwise not incon-
21	sistent with the provisions of this Act, to the extent such
22	revision is consistent with protection of the human, marine,
23	and coastal environments. The process to be used for the
24	review of any such revision shall be the same as that set
25	forth in subsections (d) and (e).

1 "(q) Cancellation of Lease on Failure to Sub-2 MIT PLAN OR COMPLY WITH A PLAN.—Whenever the owner 3 of any lease fails to submit a plan in accordance with requ-4 lations issued under this section, or fails to comply with 5 a plan, the lease may be canceled in accordance with section 5(c) and (d). Termination of a lease because of failure to 6 comply with a plan, including required modifications or 8 revisions, shall not entitle a lessee to any compensation. 9 "(h) Production and Transportation of Natural GAS; Submission of Plan to Federal Energy Regu-10 LATORY COMMISSION; IMPACT STATEMENT.—If any development and production plan submitted to the Secretary 12 pursuant to this section provides for the production and transportation of natural gas, the lessee shall contempora-14 15 neously submit to the Federal Energy Regulatory Commission that portion of such plan that relates to the facilities 16 for transportation of natural gas. The Secretary and the Federal Energy Regulatory Commission shall agree as to which of them shall prepare an environmental impact state-19 20 ment pursuant to the National Environmental Policy Act 21 of 1969 (42 U.S.C. 4321 et seq.) applicable to such portion of such plan, or conduct studies as to the effect on the envi-23 ronment of implementing it. Thereafter, the findings and recommendations by the agency preparing such environ-

mental impact statement or conducting such studies pursu-

1	ant to such agreement shall be adopted by the other agency,
2	and such other agency shall not independently prepare an-
3	other environmental impact statement or duplicate such
4	studies with respect to such portion of such plan, but the
5	Federal Energy Regulatory Commission, in connection
6	with its review of an application for a certificate of public
7	convenience and necessity applicable to such transportation
8	facilities pursuant to section 7 of the Natural Gas Act (15
9	U.S.C. 717f), may prepare such environmental studies or
10	statement relevant to certification of such transportation fa-
11	cilities as have not been covered by an environmental im-
12	pact statement or studies prepared by the Secretary. The
13	Secretary, in consultation with the Federal Energy Regu-
14	latory Commission, shall promulgate rules to implement
15	this subsection, but the Federal Energy Regulatory Com-
16	mission shall retain sole authority with respect to rules and
17	procedures applicable to the filing of any application with
18	the Commission and to all aspects of the Commission's re-
19	view of, and action on, any such application.".

1	oil, geothermal, and power from wind, waves, cur-
2	rents, and thermal energy, involves significant out-
3	lays of funds by Federal and State wildlife, fish, and
4	natural resource management agencies for environ-
5	mental studies, planning, development, monitoring,
6	and management of wildlife, fish, air, water, and
7	other natural resources.
8	(2) State wildlife, fish, and natural resource
9	management agencies are funded primarily through
10	permit and license fees paid to the States by the gen-

- ermit and license fees paid to the States by the gen eral public to hunt and fish, and through Federal excise taxes on equipment used for these activities.
- (3) Funds generated from consumptive and recreational uses of wildlife, fish, and other natural resources currently are inadequate to address the natural resources related to energy and minerals development on Federal onshore and offshore lands.
- (4) Funds available to Federal agencies responsible for managing Federal onshore and offshore lands and Federal-trust wildlife and fish species and their habitats are inadequate to address the natural resources related to energy and minerals development on Federal onshore and offshore lands.
- (5) Receipts derived from sales, bonus bids, and royalties under the mineral leasing laws of the United

1	States are paid to the Treasury through the Minerals
2	Management Service of the Department of the Inte-
3	rior.
4	(6) None of the receipts derived from sales, bonus
5	bids, and royalties under the minerals leasing laws of
6	the United States are paid to the Federal or State
7	agencies to examine, monitor, and manage wildlife,
8	fish, air, water, and other natural resources related to
9	natural gas, oil, and mineral exploration and devel-
10	opment.
11	(b) Purposes.—It is the purpose of this section to—
12	(1) establish a fund for the monitoring and man-
13	agement of wildlife and fish, and their habitats, and
14	air, water, and other natural resources related to en-
15	ergy and minerals development on Federal onshore
16	and offshore lands;
17	(2) make available receipts derived from sales,
18	bonus bids, royalties, and fees from onshore and off-
19	shore gas, mineral, oil, and any additional form of
20	energy and minerals development under the laws of
21	the United States for the purposes of such fund;
22	(3) distribute funds from such fund each fiscal
23	year to the Secretary of the Interior and the States,

2	essary trained workforce or contractual services to
3	conduct environmental studies, planning, develop-
4	ment, monitoring, and post-development management
5	of wildlife and fish and their habitats and air, water,
6	and other natural resources that may be related to
7	bio-based fuel, gas, mineral, oil, wind, or other energy
8	exploration, development, transportation, trans-
9	mission, and associated activities on Federal onshore
10	and offshore lands, including, but not limited to—
11	(A) pertinent research, surveys, and envi-
12	ronmental analyses conducted to identify any
13	impacts on wildlife, fish, air, water, and other
14	natural resources from energy and mineral ex-
15	ploration, development, production, and trans-
16	portation or transmission;
17	(B) projects to maintain, improve, or en-
18	hance wildlife and fish populations and their
19	habitats or air, water, or other natural resources,
20	including activities under the Endangered Spe-
21	cies Act of 1973;
22	(C) research, surveys, environmental anal-
23	yses, and projects that assist in managing, in-
24	cluding mitigating either onsite or offsite, or

both, the impacts of energy and mineral activi-

1	ties on wildlife, fish, air, water, and other nat-
